

Our wine list is comprised of under 100 bottles & evolves throughout the year as seasons change. In summer we'll have more whites & lighter reds & in the depths of winter, more robust whites & full flavoured reds. We like to showcase winemakers who take a modern approach to their craft & who farm with a respect to the land. This means most of the wines listed are made without any corrective additions & are farmed with minimal or no chemical intervention. The list is designed to complement our modern approach to French cuisine & should offer something for all tastes.
